MANY ODD FELLOWS MEET IN ROANOKE

Over Fifteen Hundred Members Attend Grand Lodge of State.

REBEKAHS ALSO MEET

Imposing Pageant—Thousands of People Gather in Streets to Witness The Turnout.

Roanoke, Va., May 14.—More than 1,500 Odd Felows were in attendance yesterday morning, when the Grand Lodge of Virginia convened for its opening session in the Masonic Temple. Charles D. Fox, chairman of the local committee, and past Grand Master, called the meeting to order.

Mayor C. B. Moomaw delivered a most cordial welcome to the delegate, and Grand Master Southall responded.

Major R. H. Angell subsequently addressed the body and delivered the welcome on behalf of the Chamber of Commerce.

W. E. Allen, of Covington, who was last night elected grand master, was the next spokesman, and he was followed by W. T. Anderson, grand master of Masons of Virginia. The final address was delivered by Park H. Deens, and the closed public meetings, and the grand lodge then went into its business session.

The fifteenth annual convention of the Rebekah Assembly of Virginia, I. O. O. F., convened yesterday morning in the Pythian Hall, with the President, Mrs. Daisy J. Jones, of Norfolk, in the chair, and Mrs. Ola I. Bunch, of Lynchburg, recording secretary. The principal business transacted was appointing the credential, finance, distribution, state of the order and printing committees. The meeting adjourned at 12:30 o'clock and opened again at 2 o'clock.

There are about 150 delegates in attendance. The new representatives and alternates were admitted to the assembly. The degree of Rebekah will be conferred by John Groves, captain of the Clifton Forge lodge.

In the afternoon the assembly elected the following officers: Mrs. Cora Benedict, Big Stone Gap, State President; Mrs. Ida Belle Adams, Lamberts Point, vice-president; Mrs. Mamie Gray, Blacksburg, warden; Mrs. Olga T. Bunch, Lynchburg, secretary; Mrs. Hannah McCoy, Norfolk, treasurer.

The parade last night was the real feature of the convention. In addition to the thousand or more Odd Fellows here, every member of the order in the city participated.

Two bands were in line and the three cantons of Patriarchs Militant made a brilliant showing. Thousands of citizens lined the streets and witnessed the parade, which was made beautiful by the hundreds of red lights. The Grand Lodge resumed session at the conclusion of the parade and proceeded to complete the election of officers.

FINDS HUSBAND A SUICIDE.

Wife Endangered by Gas as He Inhaled it From Jet.

Atlantic City, May 13.—Not until several hours after he had committed suicide at his home, No. 30 South Spray avenue, was the body of Matthew Boyd, aged 40 years, discovered by his wife, who slept in an adjacent apartment. Had it not been for the fact that Boyd's teeth were clinched from his death struggle sover the end of a gas tube leading from a nearby jet ,the deadly fluid, in all probability, would have caused her death also.

Mrs. Boyd became alarmed when her efforts to arouse her husband this morning proved futile, and she finally forced open the door of his bedroom. In answer to her alarm physicians found that the man had been dead for several hours. He was in good health and spirits when he retired last night, and Mrs. Boyd is unable to give any reason for his act.

Dr. William M. Smith and Mrs. Annie Staunton Cox Married in Georgetown Church This Morning.

Dr. William M. Smith, President Virginia Board of Health.

Dr. William M. Smith, president of the Virginia Board of Health, chairman of the Alexandria School Board and for many years prominent in political and professional circles of Virginia, was married this morning a 11 o'clock in St. Michaels and All Angels Church, Georgetown , to Mrs. Annie Staunton Murphy Cox, who is well known in musical circles of Washington as a vocalist of unusual talent and a woman of unusual beauty.

The ceremony was performed by Rev. P. Murphy, father of the bride, assisted by Rev. P. Parker Phillips, rector of St. Paul's Church, of this city. The wedding was private and was only attended by the relatives and a few personal friends. Mrs. Cox was attended by her sister, Miss Marion Murphy and Judge J. K. M. Norton, of Alexandria, was best man.

There is said to be quite a romantic incident connected with the wedding, Dr. Smith having met his bride on March 22nd, when she gave a concert in St. Paul's Church, Alexandria, for the benefit of the Chapel of the Good Shepherd, of which her late husband was the founder.

The announcement that Dr. Smith would be married, as published in the Gazette, created a great deal of interest in Alexandria although the approaching event had been known to his friends for the past few days. Dr. Smith occupies a position in the hearts of the Alexandria people such as is held by no other man in the community. For years he has devoted a great part of his time to the service of his city and state and through his military and other connections has endeared himself to all. As a physician he ranks among the most distinguished in the south which was recognized by his appointment as the president of the State Board of Health.

After returning from a two weeks' wedding trip Dr. and Mrs. Smith will make their residence in this city.

EXHIBITION POSTPONED.

Young Olsen Will be Unable to Appear at Armory Hall Tonight.

Young Olsen, middeleweight champion wrestler of the world, who was to have given an exhibition at Armory Hall, tonight, on account of professional engagements, had to postpone the match until some time in the near future. Mr. Olsen thinks he will be able to throw four of the local lads—to be selected from Messrs. Cook, Cockrell, Hayden, Hamilton, Gainey, and several others within an hours' time. As this exhibition is no "fake" frameup, but is to try the merits of the home boys in the art of wrestling, Mr. Olson, no doubt, will have one of the busiest sixty minutes' practice that he has experienced in his career. Those who know the Alexandria athletes are sure that they will give a good account of themselves when they go on the mat with the champion of the world in a friendly wrestling match.

APPEAL FOR UNION.

Methodist Protestants to United Brethren.

Decatur, Ill., May 14.—Representatives of the Methodist Protestant Church were given an ovation as they appeared before the General Conference of the Church of the United Brethren in Christ Church yesterday afternoon. Their appeals for a speedy completion of the plans for organic union between the churches were greeted with tremendous applause.

Rev. Dr. Lyman E. Davis, Pittsburgh, president of the Methodist Protestant General Conference, pointed out that both churches have a similar creed and polity. "Both have emphasixed experimental religion and magnified the unlifted cross.

"God is pointing the United Brethren and Methodist Protestant Churches," said Dr. Davis, "to one of the greatest opportunities of history. Let us not be like children and play with the bubbles, when the stars are calling."

Rev. Dr. D. S. Stevens, president of the Kansas City University Association, stated that Campbell College, a United Brethren College, and Kansas City University, an institution of the Methodist Protestant Church, had already united under favorable auspices.

Rev. Dr. J. H. Lucas, Pitsburgh, stated that only four ministers of the Pittsburgh Annual Conference were opposed to the Union. Rev. Dr. C. E. Sheppard, president of Muskingum Conference, stated that every minister in his conference was heartily in favor of organic union. Rev. Dr. F. O. Perry, returned missionary, spoke of the advisability of union from the standpoint of foreign mission work.

All the speakers expressed themselves as being in favor of the name proposed by the two commissions on church union, viz: "The United Protestant Church."

PASTOR SITS NEAR WOOLSACK.

Rev. J. W. Kirk, pastor of St. John's Methodist Protestant Church, sat with Justice Henry in the northwestern police court in Baltimore yesterday afternoon to see the workings of the wheels of justice there and to study the character and type o fthose who are habitual offenders. Rev. Mr. Kirk was an interested spectator, and nodded his head at the disposition of each case as though he thoroughly agreed with the decision of the magistrate.

Rev. Mr. Kirk is a native of Alexandria, and he is following a custom which was introduced in the Police Court of Alexandria several years ago, but which proved to be short-lived. Ministers of the Gospel occasionally took seats alongside the Police Justice, or appeared as spectators of the proceedings.

Finance Committee Recommends Increase in Liquor Taxes.

FEW OTHER CHANGES.

If Report is Adopted City Will Secure $5,000 Additional Revenue From Increases.

The law fixing the rate for licenses on Alexandria business firms, which goes into effect on June 1st, was presented to both bodies of the City Council last night by the finance committee and went back to the committee for presentation to council at the next meeting of the two boards.

As prepared by the committee there are a number of important changes from the rates fixed for this year, the principal increases being made in the liquor licenses. The rate for retail liquor dealers is increased $100 and for wholesale dealers increased $50. If the Council should adopt the figures as presented last night the city would receive approximately $5,000 additional revenue there being approximately 48 dealers who would each pay the city an additional $100.

Wholesale liquor license increased from $225 to $275.

Retail liquor license increased from $150 to $250.

Shippers' liquor license increased from $225 to $325.

Retail malt liquor license increased from $100 to $200.

Pawnbrokers increased from $60 to $120.

Billiard rooms increased from $5 to $10 on each table.

Bagatelle or other table increased from $5 to $10.

Steam laundries increased from $5 to $10.

Barber shops changed from $3.50 to $1 and $1 additional each chair in excess of one.

VICE REGENT TO SPEAK.

Mrs. Johnosn, of Alabama, to Address Woman's Auxiliary of Christ Church.

On Friday, May 16th, at 8 o'clock at Christ Church Parish Hall there will be an address by Mrs. Robert Johnson, the vice-regent of Alabama of the Ladies' Mt .Vernon Association. Mrs. Johnson has spoken before the Virginia Federation of Woman's Club and before the Sociological Society. She is deeply interested in the reformatory work among the boys of Alabama, establishing homes rather than reformatory schools.

Mrs. Johnson is not a public speaker, but a gracious womanly woman, whose heart is bound up in her work, who can move her hearers to laughter or to tears.

After most earnest solicibation by the committee from the Woman's Auxiliary of Christ Church, she consented to tell the story of some of the boys of her state, leaving for a brief time her congenial work with the Regents now in session at Mt. Vernon, to talk to the men and women of Alexandria.

The public is cordially invited to attend.

HOODOO NUMBER LUCKY TO COUNCIL

Peaceful Meeting by Thirteen Members on May 13, 1913.

TAX BILL RECEIVED.

Large Number of Requests For Building Improvements—Plans for New High School Building.

The ruthless "jinx" which is associated with all things where the mystic number of 13 is concerned feil down on his job completely last night so far as the Common Council of Alexandria was concerned and once again the lie was given to the superstitution which comes from the dark ages of the dire proceedings which follow the unlucky combination.

When those who glanced around the council chamber last night and counted 13 members present and then saw the figures thirteen loom big on the calendar on the wall a chill ra nthrough their hearts. All sorts of dreadful things were expected. Battles royal between conservatives and progressives, ink bottle duels between old political enemies, bitter debate and more bitter speeches were among the things that came to the imagination. Fortunately however those who knew of the fatal combination kept the matter hidden in their own bosoms. Not a word was permitted to leak out an deven the nimbel jinx, who is supposed to know everything, passed his opportunity by.

As a consequence the meeting was one of the most peaceful that has ever been held in the council chamber. Not a word of debate was uttered, there were no predictions of warfare and even Councilman Spinks, who is always ready with bitter tongue to drive the predatory corporations back to their lair or the nimbel Birrell, the ever champion of the rights of "the people" refrained from raising their voices and destroying the delightful harmony.

There was but little action outside o fthe routine business which will be found in the official proceedings. A start was made toward the erection of the new high school by an appropriation of $100 for plans; $250 was allowed for the purchase of a new horse for the Reliance Engine Co.; an ordinance was passed making the width of Princess street 27 feet.

The annual tax bill fixing th tax rate the same as at present $1.80 on each $100, the annual appropriation bill, and the annual license law was hel dover until the next meeting.

At a joint session of the two boards E. C. Dunn was unanimously re-elected city engineer.

BOARD OF ALDERMEN.

Seven Aldermen were present last night, and the business which was brought before them was transacted without discussion.

The tax bill for the coming year was presented by Mr. Field, and after having been read the second and third times was passed by a unanimous vote. There is no change in the ordinance, $1.80 being levied upon all property with the usual discounts for prompt payment.

The appropriation bill for the year was also presented by Mr. Field. It was referred to the finance committee.

The committees on finance and schools, to whom had been referred erection of a new high school building ,introduced a resolution providing that $100 be appropriated for the purpose of procuring plans for such a building, the structure and equipment not to exceed $40,000 in cost. The report wa sadopted.

A communication from the City School Board announcing a shortage of $3,000 in the amount needed to operate the schools was read and referred to the finance committee.

The action of the Common Council was concurred in by unanimous votes upon papers received except an adverse report of the committee on light on a petition of sundry residents for the extension of gas mains on Patrick street, between Oronoco and Madison. Mr. Ballenger suggested that should the mains be extended on that street it would prove an incentive for residents to use gas instead of coal oil.

Messrs. Brill and Fitzgerald, of the light committee, said some of the persons whose names were on the petition did not reside on the squares they wanted the city to place the mains; besides only one or two parties had signified their wishes to use gas. It was stated that the superintendent of gas had made a close investigation of conditions.

Mr. Ballenger insisted that the city should extend the mains, as he was sure satisfactory results would follow.

A vote was finally taken when six members voted to concur in the action of the lower board. Mr. Ballenger voted no.

The Aldermen subsequently repaired to the chamber of the Common Council for the purpose of participating in the election of a city engineer and upon their return adjourned.

LOCAL BREVITIES.

In the Circuit Court of Alexandria tomorrow the suit of E. C. Richardson, William Power and William Desmond against Joseph Heyman, for $4,000 damages as a result of an automobile accident will again be tried. A jury was unable to come to an agreement when the suit was heard a week ago.

The Washington Utilities Company will move into their new freight station at the corner of Franklin and Royal street tomorow and the present offices will be abandoned. The new building is constructed of steel and brick and contains rooms for a subpower station.

The degree teams of the two councils of the Junior Order United Americans will go to Ballston, Alexandria county, tonight at seven o'clock, at which time Ballston council, No. 221, will be formally instituted. The work will be in charge of Past Deputy State Councilor R. L. Merchant, of this city.

Dr. James J. Garvey has secured a horse for the Reliance Steam Fire Engine Company, which is being given trial at the engine house. While the animal has not yet been accepted, it is understood it is likely that it will be purchased.

Allison W. C. T. U., will meet at the Children's Home tomorrow afternoon at 3 o'clock after which there will be a called meeting of the board of lady managers of the Children's Home.

PRESBYTERIANS IN ATLANTA.

Great Conclave of Church Opens Today.

Atlanta, Ga., May 14.—When the Presbyterian educational leaders in the South met yesterday afternoon for the opening of the Conference of Education, they launched the great conclave of the Presbyterians of America, which is to draw the eyes of all the world toward Atlanta for the next ten days.

At the conference which was held in the First Baptist church, the central thought was that the poor boys who enter universities are one of the South's greatest assets.

Splendid talks on education were also made by Rev. Joseph P. Hall, of Plumtree, N. C., and Rev. Dr. H. H. Sweets, of Louisville, Ky., the latter being secretary of the Educational Committee of the Presbyterian Church, who planned the educational conference.

Supt. Dodge Before Committees.

Regents of the Mount Vernon Ladies' Association devoted yesterday's session to routine business without heeding the demands of various organizations that Mount Vernon be open Sunday and that no charge be made for admission to the grounds. Superintendent Dodge was called before several committees to explain work which came under their jurisdiction.

By unanimous vote, the Washington Chamber of Commerce has indorsed the movement for keeping Mt. Vernon open to the public on Sunday.

London, May 14.—Militant suffragates, today burned an unoccupied cottage at Sand Gate, causing $2,500 loss.

Suffragette literature and placards announced that the fire was the work of the women, and one card read: "We hope this is not a poor widow's home."

Three suffraegtte bombs were found today in a third-class compartment of a London and Southwestern railway train at Kingston-on-Thames. They were canisters filled with gunpowder with fuses attached, and were inscribed "votes for women."

The trial of the militants and Chemist Clayton, charged with conspiracy, was resumed today in the Bow street Police Court.

A wreath will be placed on the tomb of George Washington at Mt. Vernon this afternoon by the delegates. From Mt. Vernon a trip across the river to Marshall Hall will be made. A shad bake will be served here. President Wilson will receive the delegates Thursday at 2:30 o'clock. Michael I. Weller will make the introductions to the President.

BAPTISTS CONVENE TODAY.

Southern Branch Will Meet At St. Louis.

St. Louis, Ma., May 14.—At the opening of the Southern Baptist convention today, Dr. Edwin Charles Dargan, of Macon, Ga., was re-elected president for the third annual term. Dr. Lansing Burrows, of Americus, Ga., the venerable secretary, who has served the last 35 years, was re-elected, as was Dr .O. F. Gregory, of Staunton, Va., who also has been secretary for a number of years.

The next convention city in all probablity will be Nashville, Tenn., The convention has no set program this year on account of a complaint by the newer progressive element that a certain coterie of older men have appeared on the program from year to year without giving the younger element an opportunity to be heard.

The amount of money raised for foreign, home and state missions last year by the convention was $1,470,000. One of the slogans of the present convention will be "$50,000,000 a year for missionary work." Only $15,000 was expended last year for missionary work among the negroes of the South. A movement is being pushed by Dr. V. I. Masters, of Atlanta, Ga., editorial secretary of the home misions board, to increase the expenditure largely. Educational work will be pushed among the Southern negroes to the extent of educating negro Baptist preachers.

The Woman's Missionary Union began session today with the consideration of home missionary reports from State workers. Mrs. Fannie E. S. Heck, of Raleigh, N. C., president, will preside. The secretary is Miss Kathleen Mallory, of Baltimore. Of the $1,470,000 raised for missionary purposes by the convention last year, one-third was contributed by the women through their missionary union.

Clear Vision Through Toric Lenses

The secret of the wonderful efficiency of my Toric Lenses is in the fact that the glass curves in close to the eye. When you look to one side you see through the glass and at the same distance from the eye as when you look straight ahead.

This is not so with the flat lens.

I have a very simple method of demonstrating this to you if you will call.

DROWNING OF JOHN SPIEL.

Further Particulars Concerning Monday's Accident in the Potomac

The announcement of the drowning of John Spiel, a native of Greece, was made in yesterday's Gazette. Officials of P. Doughterty Company, state that Spiel was a deckhand on the tug Dauntless and at 4:15 p. m., Monday was drowned in the Potomac river while attempting to dip a bucket of water from over the side of the vessel. The accident occurred off Collingwood, about four miles below Alexandria, while the Dauntless was proceeding to Washington with a tow of barges from Baltimore. The tug dropped the barge Maryland, which was consigned to the Alexandria Fertilizer and Chemical Company at this port.

According to a report made to the officials of the company, Spiel was near the stern of the tug when he seized a draw bucket on deck and attempted to get some water. He suddenly lost his balance and pitched headlong into the river. The accident was witnessed by several members of the crew, who gave the alarm. Capt. R. E. L. Freeburger circled the Dauntless around in an attempt to reach Spiel and those on the barge Maryland, which was directly astern, threw a line to the drowning man which fell short and he then disappeared from sight.

On arriving at Washington Capt. Freeburger reported the drowning to the customs officials and also notified the Police Department at Alexandria. Those on the tug were exonerated from all blame in connection with the loss of the man. According to officials of the P. Doughterty Company, Spiel shipped on the Dauntless last Saturday while the tug was at one of the wharves in Lower Canton, Baltimore, and nothing further is known abot him.

The body has not been recovered.

NEW TRIAL GRANTED.

Sensation is Caused at First Hearing in Case of William White.

Charlottesville, Va., May 14.—William White, the youthful looking young man who was convicted here at 6:35 o'clock Friday evening of the charge of murdering his stepfather, Louis Spiers, and given eighteen years in the penitentiary, has been granted a new trial by Judge Fishburne, who presided at the first hearing of the case.

Judge Duke spoke for the prosecution, Messrs. Wood, McNutt and Walker spoke in behalf of the young prisoner, endeavoring to show that the killing was justifiable on the grounds of self-protection.

J. H. Weeks was foreman of the jury which convicted the young man. George Walker, of counsel for the defense, caused a sensation when he arose and promised to bring forward several bills of exception on the grounds of "errors apparent on the face of the record," because an "outsider was present in the jury room at the time of the deliberation of the case," and because the commonwealth's attorney in the course of his speech, alluded to the fact that "all of the disabilities resting on the prisoner had been removed."

GIRL SWALLOWS POISON.

Laura Hawkins is Dying as Result of Eating Paris Green.

Berryville, Va., May 14.—Laura Hawkins, 14 years old, is reported to be in a dying condition in her home at Boyce, Clarke county, as a result of eating a large quantity of Paris green, taken Monday afternoon, it is thought, with suicidal intent.

It is not yet known whether the girl was in love. It is reported, however, that she was unhappy over home affairs, and recently disagreed with her stepmother.

The girl is a daughter of John Ephraim Hawkins, a widely known and highly-esteemed farmer of Clarke county. No hope is entertained for her recovery.

SAVES TRAIN FROM BOMBS.

Dynamite So Placed as to Have Exploded Magazine Also.

Uniontown, Pa., May 14.—Nine sticks of dynamite, carfully placed under the rails of the Monongahela Railroad near Leckrone, were found by an unidentified alien yesterday a few minutes before the regular passenger train, which was carrying $20,000 to pay the minres of the Consolidated Coke Company, was scheduled to pass the spot.

The foreigner hurriedly took the explosive to Station Agent Catherman at Leckrone and Catherman flagged the passenger train and with the conductor made an investigation.

The dynamite had been placed at a spot only 75 yards from the magazine of the Cameron Powder Company, in which were stored 20,000 pounds of powder and 500 pounds of dynamite. The concussion of the dynamite under the rails, had it been exploded, would probably have set off the magazine.

The tall spire of the Knox Presbyterian Church in Straford, Ontario, 160 feet above the curb, was struck by lightning early yesterday, and in the ensuing fire the chief of police, the fire chief, and a policeman were killed and a fireman, was mortally injured. The three men who lost their lives were buried beneath the burning belfry when it toppled and fell. The fireman was laid out with a blow on the head from a flying timber. The blaze ate its way to the heart of the building and burned itself out.. The loss is about $50,000.

JEALOUSY CAUSED MURDER.

Fears Relative of Boy Rival He Killed.

Farmville, Va., May 14.—Further details of the killing of Meade Hanes, 16 years old, by Mott Robinson Glover, 30 years old, on the farm of the boy's father, Supervisor J. B. Hanes, near Well Water, Buckingham county, were received here, when it was learned that the slayer hurried to jail to escape injury at the hands of the enraged relatives and friends of the victim.

Glover seems to be of a quiet temperament and has had little to say concerning his crime since he was locked up. Immediately after killing the boy last Monday afternoon, Glover jumped upon his horse and rode as fast as possible to the Buckingham county jail, fearing that he would meet his victim's father unless he was placel in prison before the meeting of the board of supervisors, which the parent was attending adjourned.

Mr. Hanes was not informed of his son's tragic death until after Glover was placed in jail. From best information obtainable it seems that Glover killed the boy while suffering from a fit of jealousy. Meade Hanes and Glover were in love with the same girl. Meade's love seemed to be reciprocated by the girl.

The slayer is a son of Mr. and Mrs. Charles L. Glover, of Buckingham county, and a nephew of R. G. Glover, of Lynchburg. He spends much of his time in prison smoking cigarette and saying that he regrets his act which has placed him in such a bad plight.

Negro Robber Shoots Two Men.

Richmond, Va., May 14.—N. W. Morecock, proprietor of a store at Dumbarton, six miles from Richmond, is suffering from a broken arm and two or more pistol shot wounds, and his son, Bernard, aged 18, is desperately wounded as the result of an attempt to rob the store shortly before 5 o'clock yesterday morning.

A negro went to the place, saw the proprietor take a bunch of bills from the safe ,and struck him, breaking his arm. Bernard went to his father's assistance, and was shot in the breast. The boy shot the negro, who escaped, leaving a trail of blood. Detectives and bloodhounds have been rushed to the scene.

WORSHIP AS CHURCH BURNS.

Pastor And People Save the Pews, Then Gather for Prayer.

Williamsport, Pa., May 14.—While the timbers of the burned church still smoked, Rev. William M. Taylor directed the congregation of the Tombs Run Methodist Church in placing pews saved from a fire that destroyed the church building; then he conducted a short service in the man at Leckrone and Catherman open.

The fire started when sparks from a stove fell upon the roof, and there was no way of fighting the flames.

FORCING THE INTELLECT OF CHILDREN.

Because she studied hard in an effort to get through school as rapidly as possible and be at the head of her class, Mary Espey, 14, lies dead at the home of her parents, Mr. and Mrs. George Espey, Bloomingdale Avenue, Catonsville, Md. Every effort was made to save her life, and five doctors held a consultation Monday, but they said they could do nothing, and the child's parents and friends had to stand by while Mary gave up her life, a victim of her high ambition.

During her dying moments the little girl looked pitifully at her mother, who remained by her bedside, and made desperate efforts to speak to her parents. But her tongue was swollen and all that resulted were feeble groans.

She had been strapped in bed a great part of the time and at last she would take no nourishment and had to be fed by means of a tube. Two weeks ago she began to grow nervous. She became worse until St. Vitus' dance set in.

The above case will bring to mind much that has been said at times against the practice of pushing precocious children in their studies. Fond parents are naturally pround of the achievements of their little ones in the schools, but they occasionally strain their powers with injurious if not fatal results.

Many cases of cerebral trouble in children have been laid at the doors of parents in thus taxing the mental powers of their children beyond reasonable limit.

All children are not capable of grasping the lessons in the many text books. Occasionally freaks of nature appear to whom the books open of their own accord, but study is laborious and exhausting to the large majority.

The celebrated Dr. Adam Clarke, whose writings have proved so interesting and instructive to thousands, was a dull scholar, so much so that he was pointed out by his teachers as a misfit in school. He, however, slowly grew into one of the most brilliant men of his time.

Great oaks from little acorns grow, but it takes a long time for them to mature.

Rev. Dr. Talmage once delivered a sermon on forcing the intellect of children. Many years before Thomas Carlyle had spoke on what he termed premature reading—that is compelling children to study heavy works before their minds have properly expanded.

NEWS OF THE DAY.

Berta Samuels, 18, was found drowned yesterday in a bathtub in the apartment of Mrs. Sarah Agoos, of 1385 Fifth Avenue, New York. Apparently the girl had fainted while preparing the bath, and had fallen over the side of the tub. Only her head and shoulders were submerged, and the water from both spigots was turned on and was flooding the room. Leakage into apartments below caused complaints to the janitor, who called a policeman. They climbed through a window and found the body.

Dr. E. F. Brooks, was killed outright and Miss May C. Martin, a stenographer, was badly injured when the physician's automobile was struck last night by the Tuxedo express, one of the fastest trains on the Newburgh branch of the Erie Railroad. The accident occurred at an unprotected crossing at Vails Gate Junction near Newburgh, N. Y. Miss Martin had recently been operated upon by Dr. Brooks. She called at the physician's office yesterday afternoon to have her wound dressed, and he was taking her home in his machine.

The body of Albert Smith, the 6-year-old boy, who disappeared from his home at Burlington, N. J., was found in a creek yesterday. It is believed he was accidentally drowned. The boy disappeared last Friday, and on the theory that he had been kidnapped searching parties had been looking for him night and day. The authorities are convinced that the boy fell from rowboate while playing. He was last seen in a boat on the creek which runs through this place.

Granted Insurance After Consumption

There are so many cases of Consumption reported where the details show the disease started with a cold or a cough, that it is really surprising that people are not more anxious to immediately stop these apparently minor troubles. Our advice is "stop the cough or cold, if possible, without delay." Otherwise more serious troubles are likely to follow. If the medicines you are now taking do not bring relief, try Eckman's Alterative, as this man did:—

237 Lean St., Brooklyn, N. Y.

"Gentlemen: I am giving you below a brief history of my case, which I trust you will use for the benefit of those suffering from any similar troubles.

"About a year and a half ago I noticed that my health was rapidly failing, until at the end of six months my weight had fallen to 129 pounds. I was troubled with night sweats, a severe cough and was very weak, having in fact absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who after examining me said that I was in the first stages of consumption. At this point I started to take Eckman's Alterative. The night sweats stopped almost immediately, my cough became looser and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have been accepted by two different insurance companies for insurance, makes me sure of my entire recovery by Eckman's Alterative. I should be very glad to communicate with any one who would be interested in my case.

(Sworn Affidavit) W. E. GEE.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

WHEN GRANDAD WAS A KID.

It must have been a wondrous land
in which Grandad was raised,
Long years ago in happy days gone by,
When boys were always good as gold
and by their parents praised,
And for their deeds were lauded to the sky.
For Grandad always was so neat and
liked to go to school,
He always did whatever he was bid,
And children, in those early times,
obeyed the golden rule,
And were so good, when Grandad was a kid.

It must be so for Grandad tells these stories on himself,
Just what a noble lad he used to be,
And how he never lied or swore and how he had good health
By never smoking cigarettes, like me.
But it gets rather tiresome, sounds rather fishy, too,
These tales about the good things that he did,
And boys were awful sissy, if these yarns of his are true,
In days of old, when Grandad was a kid.

He is not satisfied with being clerk in the day time, he even acts as clerk at night.

Congratulations, Doctor. Truly, the ranks are thining out. There are very few of us left.

Lady Bird, Lady Bird, fly away home,
Your house is deserted, your husband will roam,
If gossip and parties and cards are your sports,
Your husband will sue for divorce in the courts.

MARTIN BACKS GLASS.

Believes in Being Prepared for Emergencies After Tariff Passes.

Washington, May 14.—Senator Thomas S. Martin, of Virginia, chairman of the Senate committee on appropriations, has lined up with President Wilson and Representative Carter Glass, of Lynchburg, the slated chairman of the house banking and currency committee, for currency reform legislation at this session of Congress.

Senator Martin does not believe that the Glass currency measure which will be known as the administration bill, will have any trouble in the senate, and adds it is the duty of the extra session of congress to provide an emergency currency plan which can be used in the event business and industrial depression is produced by the readjustment to the Underwood tariff rates.

Senator Martin's statement regarding the currency legislation practically removes all doubt that its passage in the Senate. It is known that the Virginian has advised his colleagues to pass currency legislation at this session. He also counselled then to accept the administration bill, a measure with which Mr. Glass will have a great deal to do in framing.

President Wilson's misgivings regarding currency legislation at this session have been caused by fear that the senate would not act.

Senator Martin's views as to the necessity of currency legislation at the extra session coicide with those of the president and Congressman Glass.

WOMAN BREEDS ESKIMO DOGS

Seems Queer Occupation, but She Has Made a Remarkable Success of the Work.

At Grove Park, one of the suburbs of London, Mrs. Scott conducts a very interesting dog farm. Her specialty is Eskimo dogs, which she breeds and trains for the market. The market is not very large, but it is sufficient to make it worth her while to raise and train the best possible Eskimo dogs. It is not the food market, nor the ordinary dog market. It is the market for Eskimo dogs which are trained for Arctic exploration.

If you decide to make a journey to one of the poles, you know that Eskimo dogs are absolutely essential. You can get good Eskimo dogs in Greenland, or in Alaska. But the good dogs in Greenland may not be exported except by special permission of the Danish government; and the good dogs in Alaska are not so good.

One trouble with ordinary Eskimo dogs is that they have no breeding and no discipline. They will obey the master with whom they have been brought up, but when they start after fish or other game, even their master can control them only by the exercise of brute force. For the purposes of your exploration you need dogs that will obey orders given by a white man, dogs that are broken to the harness and are not afraid of work, dogs that have learned team work.

It is this kind of dog that Mrs. Scott raises for the market. Her kennels have only pure blooded animals of carefully selected stock, and from earliest puppyhood she trains them in how to eat and how to work. When she gets through with an Eskimo dog the animal is not nearly so ferocious as one that just "growed up" in the surroundings of an Eskimo village. They adapt themselves quickly to new masters, and they have acquired good eating manners, so that they are not so likely to attack the cupboard or fresh game.

Mrs. Scott feeds her animals no meat except pemmican and dried fish brought from Norway; a large part of the diet is a specially prepared biscuit. She has supplied trained dogs for a number of Arctic and Antarctic expeditions.—Scientific American.

SEEM TO HAVE LONG LIVES

Politicians, in England, at Least, Find It One of the Healthiest of Professions.

Politics would appear to be among the healthy professions, judging by the number of members of both houses of parliament who have passed the age of three score and ten. The lords, whose legislative duties are less strenuous, have, however, a larger number of veterans in their ranks than the commons, as there are 23 peers who have reached eighty and over, while only 19 members of the lower house have seen their seventieth birthday.

The oldest peer is the earl of Wemyss, who is ninety-four years old, Lord Strathcona and the duke of Grafton following with ninety-two and ninety-one years respectively, to their credit. Mr. Samuel Young, who is ninety, in spite of his name, is the doyen of the commons, Mr. Thomas Burt, the "father" of the house, being only seventy-five, and junior in regard to age to Mr. Joseph Chamberlain, Mr. Jesse Collings, Sir Henry Kimber, Mr. Robert Cameron, Sir John Baker and Sir Thomas Roe.—London Globe.

Le Petit Caporal.

Las Cases, the biographer of Napoleon Bonaparte, thus describes the origin of the title Le Petit Caporal: A singular custom was established in the army of Italy, in consequence of the youth of the commander, or from some other cause.

After each battle the oldest soldiers used to hold a council and confer a new rank on their young general, who, when he made his appearance in the camp, was received by the veterans and saluted by his new title.

They made him a corporal at Lodi and a sergeant at Castiglione; and hence the surname of "Petit Caporal," which was for a long time applied to Napoleon by the soldiers.

How subtle is the chain which unites the most trivial circumstance to the most important events! Perhaps this very nickname contributed to his miraculous success on his return in 1815. While he was haranguing the first battalion, which he found it necessary to address, a voice from the ranks exclaimed, "Vive notre petit caporal! We will never fight against him!"

Hand Mirror of Brass.

Now only Egypt's first ladies ever indulged in the luxury of a hand mirror. True, they were not made of the heavy plate glass that is used in those in present use.

Before this mirror became oxidized it was in a highly polished state, and brass, when polished, can reflect a face to all intents and purposes as well as glass. The body is round, or as round as it could be made with an Egyptian hammer, and the handle has the same graceful curves of those of today.

French Machine to Moisten Stamps.

French postoffices will in future be provided, officially, with stamp moistening appliances, an innovation which is hailed by the press as a hygienic reform. As Les Nouvelles put it "the action (of stamp licking) was not only dangerous, but entirely devoid of elegance."

NEWS OF THE DAY.

Two men entered the third floor apartment of Mrs. Marie Tola in Brooklyn yesterday and demanded her valuables. She screamed. They beat her, stabbed her 16 times, ransacked the place and made their escape with $1,600 found under the mattress. Mrs. Tola will die.

George Jefferson, a farmhand employed near Middletown, N. Y., came near being buried to death Monday when kicked by a cow. Jefferson carried a box of matches in the rear pocket of his trousers and as he steped behind a cow while milking the animal landed a hoof directly upon the pocket. The matches were ignited and Jefferson ran from the barn with his clothing in flames. With the assistance of a man nearby his life was saved. Jefferson has sworn off smoking.

According to word received at New Castle, Pa., from Fernando Russo, a steel worker, now at Harrisburg, Pa., his savings, a small fortune, were thrown form a train near Philadelphia by his baby, Jose Russo, and his family is stranded. Russo, his wife and children were returning from New York, where they went to meet a relative, when the savings of several months were thrown away. The parent gave his baby his pocketbook to play with, and Jose tossed it out a window. The family traveled from Philadelphia to Harrisburg on a freight train.

Sam Owensby, a negro, who shot dead Brooks Lane, a young farmer, was taken from the Hogansville, Ga., jail late Monday night and lynched. He was hanged to a tree near the jail and his body riddled with bullets. Lane was killed on his plantation near Franklin, Ga. His trouble with the negro is said to have resulted from a discussion over the trading of a cow.

Denied re-appointment as postmaster at Gainesville, Ga., by the Democratic administration, Mrs. Helen D. Longstreet, widow of the famous Confederate General, has been offered a position by a former Union soldier. Mrs. Longstreet said yesterday that Col. Albert E. Boone, of Clarksburg, W. Va., had offered her a place in his office at $3,600 a year. "If I find that I feel fitted to do the work in Colonel Boone's office," she added, "I shall accept his offer in the same spirit in which General Longstreet accepted a commission from President Grant when he found himself an outcast in the land whose battleflags he had followed with supreme devotion."

When Harry Evans had been convicted of burglary in the municipal court in Chicago yesterday, Garnett Fairfield, a cabaret singer, his sweetheart, passed him her handkerchief. Evans extracted an open knife from the handkerchief and started to carve his way to freedom. Detective Boshulte was severely cut in the neck, and Deputy Bohsber was stabbed in the breast before Evans was overpowered. The girl was arrested.

That there have been repated thefts of plans of United States battleships from the Navy Department offices was the disclosure late yesterday afternoon which caused a sensation in official Washington. The thefts have been going on since the night of March 4, when certain plans of the newest dreadnought Pennsylvania were stolen from the Bureau of Steam Engineering. Since that date similar plans of other ships have been missed from the same drafting rooms.

A. Paterson, N. J., detective rode on the locomotive of every Erie Railroad train that entered and left Paterson last night. Police Chief Bimson took this measure to avert wrecks after three attempts within 72 hours to derail trains. Train No. 58, from Suffern, N. Y., to Jersey City, was crawling into the city today went two men sprang up from beside the track, jumped on the platform between the second and third cars, and attempted to uncouple them.

Seventeen-year-old Jack Bell, while on a fishing trip yesterday shot and killed his father, according to the charge against him at the jail in Selma, Ala., and then recovered the body of his 8-year-old brother from Boguechitto Creek. The elder son, it is asserted, had upbraided the father for his attentions to a young woman, and was quicker than his father in opening fire, when both reached for their weapons. The little boy is said to have fallen into the water and drowned while the father and his first-born fought.

YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.
